

ADMINISTRATIVE INTERNAL USE ONLY

INSPECTOR GENERAL

81-0326

28 MAY 1981

STAT

MEMORANDUM FOR: [redacted]  
Chairman, DCI Area Building Planning Subcommittee

STAT

FROM: [redacted]  
OIG Member, DCI Area Building Planning Subcommittee

SUBJECT: OIG Future Building Space Requirements

STAT  
STAT

1. [redacted] is designated as alternate OIG member of your subcommittee. His extension is [redacted]

2. The Audit Staff, presently located in Key Building, should be relocated to the Headquarters Building if the Office of Finance is also moved to Headquarters, as the bulk of its day-to-day coordination is with OF.

STAT  
STAT

3. OIG does not anticipate any upward change in its present personnel ceiling of [redacted] positions [redacted] Audit Staff positions presently in Key Building and [redacted] Inspection Staff positions at Headquarters) through the year 2000.

4. OIG does not anticipate any increase in machine support requirements beyond what currently exists or is budgeted for. This includes six word-processing units for the Inspection Staff and two word-processing units and three ADP terminals for the Audit Staff. There are no special floor loading, storage, power, or environmental control requirements associated with this equipment (except for secure vault storage) nor are there new technologies being considered for out-year application.
